INSURANCE INFORMATION	
Health Insurance	Leeds has no compulsory health insurance policy. Private insurance is, however, recommended if students will be studying for less than 6 months.
NHS	<p>The NHS is publicly funded and includes services provided by family doctors (general practitioners); specialists; hospitals; dentists; the ambulance service and opticians. Some NHS services are free to everyone, some are subsidised and there are some services for which you will have to pay the full cost.</p> <p>If you are going to do a course which lasts more than six months, the treatment for you under the NHS will be free or will be subsidised.</p> <p>If you are in the UK to do a course which lasts less than six months you need to obtain medical insurance for yourself unless your home country has a reciprocal health agreement with the UK. We recommend this is done before coming to the UK. The Welfare Services Office has a list of these countries. If you have not done so you should contact an insurance broker - you will find a list in the Yellow Pages Telephone Directory, after arrival.</p> <p>The following NHS treatments are free to everyone:</p> <ul style="list-style-type: none"> • Treatment in accident and emergency departments (but not once patients are admitted to hospital, unless you are in a coma lasting longer than 6 months). • Diagnosis and treatment of some communicable diseases. • Compulsory psychiatric treatment. • Contraceptive Services. • Midwifery, district nursing and health visitor services. • Treatment for HIV/AIDS and other sexually transmitted diseases <p>For more information please visit the Leeds University' Welfare Services site http://www.leeds.ac.uk/welfare/</p>
